Observations... From Around Town

(BY JAY WHOZIT)

What is the matter with the City Waterworks? Who can give us the answer? ...

Stanislaus' opening football game has been changed from Friday, September 26 to Sunday afternoon, September 28th, when they will meet Catholic High of Donaldsonville, La.

... two sudden deaths occurred here this week, the first when Mrs. J. W. Jacobs, nurse at Kings Daughters Hospital, collapsed and died of a heart attack on Tuesday morning, after having attended her patients all through the night before, the other was when Sam Haas was instantly killed when he drove his car into the side of a freight truck at the intersection of Highway 90 and the Kiln Road on Wednesday morning.

... bids for the construction of the Valena C. Jones Colored High School were opened on last Saturday morning, and the contract let to a Gulfport contractor with the provision that he hold the bid open for thirty days to allow the City School Board of Trustees time to raise an additional \$15,000.00, to supplement what they now have in order to meet the contract price of \$48,899.00, which was the lowest bid.

... the Jackson Daily News, Mississippi's largest and strongest newspaper politically, has openly endorsed the candidacy of Congressman William M. Colmer to fill the vacancy caused by the death of Senator Theo G. Bilbo. ... it has been stated that if Governor Fielding Wright appoints a Senator from Mississippi, probably as a result of a special call to Congress he will not be one of the six candidates who have announced so far, this would be in keeping with policies followed by former governors ... the Gulf Coast Association, organized when the L. & N. R. Co. threatened to cancel the commuters' fares has now become a full-fledged permanent civic organization, composed of civic-minded men and women who have the betterment of the community in which they live at heart, and who plan to work together for its advancement.

Bay St. Louis can again look forward to having two fine school bands, with Brother Romauld once again at the helm of the ever-popular "Red and Black" Stanislaus band, and George Wimberly, new Bay High band director organizing his band and reporting that he will have a busy and satisfactory season ... prices of food are advancing so rapidly that some grocers have refused to advertise, saying that they cannot keep up with the rising prices ... it would be a big step forward for our town if the Southern Bell Telephone Company could see their way clear to install the dial system in Bay St. Louis, besides it would eliminate delays in getting connections ... this certainly looks like a job for our Hancock County Chamber of Commerce ... State Highway Dept. should really do something about the condition of the Bay St. Louis-Harrison County Traffic bridge over the Bay of St. Louis as it is in an awful shape and getting worse ... the Knights of Columbus are making plans to hold another blood bank some time in October, and it is hoped that a large number will respond to this call in order to build up the reserve for our community.

Injured in Auto Accident

Little Michael Vernon suffered a skull fracture and his parents Mr. and Mrs. Sam Vernon received minor bruises and cuts when the car in which they were riding was side-swiped by a truck driven by a negro. Little Michael was taken to the hospital where a bone was removed from his head and the last reports are to the effect that he is doing nicely. Mrs. Vernon, the former Miss Helene Kergosien, and Mr. Vernon and the baby were driving to their home in Earle, Arkansas, from Memphis when the accident occurred. Mrs. Vernon escaped with practically no injuries but Mr. Vernon had a few stitches taken in his head. All are reported as showing no bad effects. Their car was turned over into a four foot ditch.

Charter of Incorporation Of First Baptist Church Received

The Charter of Incorporation of the First Baptist Church of Bay St. Louis has been received. The charter was filed with the Secretary of State on Sept. 12, 1947 and received here on September 15. The incorporators are Dr. T. B. Sellers, Dr. A. P. Smith and D. M. Russell, Jr.

BAY-WAVELAND GARDEN CLUB MET LAST WEEK

The Bay-Waveland Garden Club met on Thursday of last week at the home of Mrs. N. L. Carter on North Beach with Mesdames A. O. Dresher, Roy Baxter, Sr., Edwin Larroux, E. H. Singreen, T. T. Robin, entertaining jointly with Mrs. Carter.

Mrs. E. P. Kirkpatrick, parliamentarian, read the constitution and by-laws. It is a requirement of the club that these be read each September.

The program consisted of a constructive criticism by Mrs. L. T. Boyd of an arrangement of zinnias made by Mrs. H. A. Eldredge. The arrangement won the blue ribbon. The flowers entered in the monthly exhibit were later taken to Mrs. George E. Pitcher, a member who is ill.

Cooling refreshments were served by the hostesses and a social hour was enjoyed.

There were quite a large number of visitors present.

Sam Haas, 45 Years Old Age Killed Instantly When His Car Strikes a Truck

Sam Haas, 45 years of age, was instantly killed on Highway 90 on Wednesday morning about 5:50 when his car struck a truck. Mr. Haas was driving North and Willie Lee Whitlock, who was driving a Couch Motor Line truck, was driving East. The accident occurred at the intersection of the highway and Nicholson Avenue.

The driver of the truck was quoted to have said that the truck caught fire when the car struck it and he jumped from it and went to Mr. Haas but found him dead.

Mr. Haas' body was removed to the Fahey Funeral Home following a coroner's inquest and was later moved to the McDonald Funeral home for preparation for burial at Kiln, his home.

Mr. Haas was a native of Kiln and was the son of the late Jerry Haas. Surviving him are his wife, the former Miss Melva Neale, three sons Sam, Jr., Austin and Donald Haas and a daughter Mrs. Margie Lawson, all of Kiln.

Mr. Haas owned and operated a general merchandise store at Kiln.

It's Syrup-Making Time In Mississippi

State College, Miss.—It's syrup-making time in Mississippi, and though many farmers have turned out a product that's tops on a stack of cakes, the latest research indicates many farmers could treble their income by following approved practices.

And, so the Extension county agent, after attending a syrup-making demonstration meeting at the United States Department of Agriculture sugar cane field station near Meridian, are geared to help farmers double their yield by using proved varieties, proper fertilization, and insect control practices.

It may not be any difference whether it's called molasses, syrup, or sirup, to the person eating this vitamin-rich food made from sorghum or sugar cane, but there's lots of difference in the quality and quantity of the product which primarily depends on the variety of cane or sorghum used and the type of soil and proper cultivation methods employed.

For example L. E. Stokes of the station told the agents from the Southern and East Central Extension districts that in a three-year period, the CP 29116 variety of sugar cane would make 1481 gallons of sirup to the acre, as compared with 405 gallons from Louisiana Purple.

And, like many field crops, the main difference in the new variety which has been developed after years of research, is that CP 29116 is free from Mosaic disease which has played havoc with other varieties. The old practice of banking sugar cane for seed the next spring, was discouraged because of increased danger of red rot and because of the labor and time saved by planting in rows in the fall.

Another highlight of the meeting was an announcement by the State Plant Board that for the first time Mississippi farmers may get their seed cane certified as to disease-free cane. Applications may be made to the State Plant Board at State College, Miss.

Several of the best varieties of sorghum were discussed by the research specialists. Tado, which matures in 126 days, yields 23.61 tons per acre, or 536 gallons of sirup to the acre. The white African variety matures in 106 days and yields 15.8 tons or 362 gallons of sirup to the acre. Sugar Drip also matures in 106 days, producing 16.4 tons, or 374 gallons per acre.

KNIGHTS OF COLUMBUS HOLDS SOCIAL

Monday night following the regular meeting the local Council Knights of Columbus was treated to a shrimp boil held in the dining room of their home on Main Street. A large number of the members were present and enjoyed themselves fully. The Club Room was filled with activity. This room has become so popular that the need for other games was realized by Dr. M. J. Wolfe, Robert L. Camors and Ray H. Stieffel and these three members volunteered to donate some Ping Pong Tables and Checker Board Tables. This addition will just about make the Club Room complete and this announcement was received with great satisfaction by all members present.

Plans are being formulated to sponsor another blood bank to be held probably in October as Dr. Wolfe announced the amount credited to this community is running dangerously low. It is hoped that a large number of donors will respond to help build up a large enough reserve that it will not be necessary to hold another one so soon as this requires a lot of work on the part of the volunteers who assist in this work and the Baptist Hospital will not send their staff over unless we can assure them of enough donors to justify their trip over.

Therefore be on hand and tell all your friends likewise when the date is announced. Having this blood plasma on hand when you need it immediately may mean the difference of life or death for you or your loved ones. So remember, be on hand, don't depend on the other person to do it. Dr. Wolfe says there is not the slightest pain and takes very little of your time and you will feel no discomfort afterwards. You will also receive the benefits of knowing your blood type and getting a waserman test.

Committees will be appointed soon by Grand Knight Wilmer J. Thibaut for assisting Monsignor A. J. Gmelch in the Centennial celebration next month of Our Lady of the Gulf Church.

A special fund is being set aside for use of the Lecturer, Father Toner, in securing moving pictures of interest to be shown at the K. C. Home about once each month and for other forms of entertainment appropriate. It is believed this added attraction will stimulate interest of the members to greater heights. The question box has also been completed and ready for use. Thanks to Brother Albert J. Monti who made this attractive box from inlaid hardwood and finished with different colored stains.

"Play School" Added To St. Joseph Academy

Because of the many pre-school children, Mother Blanche has deemed it necessary to add a "Play School" to St. Joseph Academy. Here these little tots, who are too young for class rooms, may learn games, have stories told them taught games and be cared for, part of each day. The play school, opened with an enrollment of eleven, Miss Jackie Autin will have charge of these little folks.

On his way to Randolph Field, Texas, where he has been assigned, Lieutenant Felix "Doc" Blanchard of Army football fame, stopped off for a couple of days visit with Brother Peter at St. Stanislaus, where he graduated from high school. While here he "trinkled" with his many school day friends in Bay St. Louis and was the hero of all the youngsters in town. In the picture reading from left to right are Brother Flavin, Assistant Coach Thames, Coach Burge, "Doc," Brother Peter and Brother Linus.

Investment in irrigation equipment is proving justifiable on crops that respond to supplemental water and which bring a relatively high return per acre.

The ideal beef animal will produce most economically the largest amount of high-priced beef cuts. When fat, it has a lowest body which is broad, smooth, deep and thickly fleshed.

THE AGREEMENT TO ROTATE THE STATE SENATOR SHOULD NOT BE BROKEN

THE method of electing a State Senator from the Fortieth District, composed of Hancock, Pearl River and Lamar Counties is being made an issue by Murphy Weir, Editor of the Democrat of Poplarville.

He stated in an editorial of the past week that the gentleman's agreement entered into years ago, giving to each County the senatorship for a term should be cast aside, and that candidates should be allowed to run from any of the three counties for this office. In the last election it was Hancock County's time to furnish a Senator and the people of Pearl River and Lamar Counties joined with us in naming the man who will represent the District for the next four years. The young man elected will represent not only his home County; but will also represent the other two Counties in the District, and we feel certain that he will do his utmost to be fair to the citizens of the other two Counties.

The agreements that were entered into years ago throughout the State of Mississippi by the various Counties have been continued throughout the years and until yet very few have been broken, and we feel certain that they will be kept until such time as the Legislature will have the courage to reappoint the senatorial districts. It is a shame for such unjust representation to exist in our Legislative bodies as we have at the present time. We find counties half the size in population and voting strength as our own having double and in some instances three times the representation that we have.

There should be a further allocation of Counties into districts, where the needs and thoughts of the people of the district are in common. It is hard for a man who lives in Lamar County, 75 miles from the Coast to represent Hancock County, and it is equally hard for a man from the coast to represent Lamar County. What may be good for one County in the District may not redound to the benefit of the people in the other Counties. Frankly we think that Hancock County should be placed in a district with Harrison County both being Coast Counties and that Pearl River, Lamar and Stone Counties should compose another District.

Another thought that we may pass on to our friend Weir for consideration is that as long as we remain in the fortieth District, we think that we should rotate under the gentleman's agreement that is now in effect and that the people of the County whose turn it is to have the representation in the Senate, should elect the Senator. Under the law the Senatorial Committee composed of representatives from the County Democratic Executive Committees of the three Counties, may enter into an agreement that the Senator may be elected by the voters of his respective County. When we think of the expense that a candidate has in making a campaign over three counties and when we compare this expense with the salary that he is paid, we do not wonder why it is so hard to encourage men of ability to offer for an office of this type. We are certain that it is only the desire to serve their people that prompted the two young men who aspired to this office in the last election to become candidates, and we are certain that Mr. Ladner will agree with us at the end of the first session of the Legislature that he is making a personal sacrifice to serve as our Senator.

This should not be, and if our friend Weir will join with us we will do our utmost to help bring about some changes that may not be a cure all, but it will certainly relieve the situation and in the end it will encourage the candidacy of men of ability, and will not impose upon them so much personal sacrifice.

VERY REV. FLORIMOND J. BLANC

JAN. 1, 1898 — June 14, 1947

Rev. Florimond J. Blanc, the third Pastor of Our Lady of the Gulf Church, was born in the Diocese of Le Puy in France, April 4, 1842. At the completion of his classical course, he came to this country and entered St. Mary's Seminary at Baltimore for the study of Theology. He was ordained (June 29, 1870), for the Diocese of Natchez, and in the Fall of 1870, he began his missionary work in the State of Mississippi.

From 1870 to 1880, Father Blanc was Pastor of Aberdeen with Columbus as a mission. Later on he made the whole of Lee County a part of his mission. One incident of Father Blanc's time in Aberdeen gives eloquent testimony of the privations and hardships this early Missionary experienced. Once, while making the rounds of his mission, this priestly son of France who had given up worldly luxury and comfort, found the roads almost impassable after long rains and overflows. His horse had to swim a creek, the water coming up to and into his saddlebags. When he reached the home where he was to offer Mass, the vestments and altar linens had to be dried before the Divine Service could begin. Only a man with the zeal of an apostle could stand the difficult missions of Columbus and Aberdeen back in the Seventies; but Father Blanc had zeal in abundance, and for ten long years he lived the life of a Pioneer Missionary.

From 1880-1890, he was Pastor of Pass Christian, and here his experience on the Missions served him well, because his record shows that he was a great builder and an able financier. He was transferred to Nativity Church in Biloxi in 1890, and remained there until January 1898. Father LeDuc found in Father Blanc a heart like unto his own. Their friendship deepened with the passing years and it was the sincere desire of Pere LeDuc the Good Father Blanc succeeded him as Pastor of Bay St. Louis. When it was rumored that Father Blanc would be changed the following petition, signed by several hundred citizens of Biloxi, was sent to Bishop Heslin:

"Most Rev. Sir: It has been rumored around since the death of Father LeDuc, that Father Blanc was to be sent to Bay St. Louis, to fill the vacancy caused by the death of that Good Father. Therefore, we the Congregation of the Catholic Church and the people of Biloxi, would most respectfully interest Your Reverence to permit Father Blanc to remain as Pastor of this Parish. Biloxi has a population of about 5000, souls, and is the most central point between Mobile and New Orleans.

It was the wish of Father LeDuc that Father Blanc would attend to his fold at the Bay, and while we admire his good judgment in the selection of such a person as Father Blanc to attend his flock, yet it would be to us a great loss if he were sent there; and while we are aware that his place would be filled by a worthy man we would much

prefer to have him remain with us, and trust that Your Reverence will grant the prayer of the Catholic Congregation in particular and the good people of Biloxi in General."

Biloxi's loss was our gain, and Father Blanc became Pastor of Bay St. Louis, about January 1, 1898. Bishop Heslin dried the tears of the Biloxians when he sent them Father Alphonsus Ketels to compensate for the loss of Father Blanc. During his short tenure of office at the Bay Father Blanc lived up to all expectations. About September 10, 1898 he bought the Capeville property on Front near Union Street, where the present Rectory stands. Electric lights were put in the Church, and he made many other important improvements. As Pastor he endeared himself to all the people, and they in turn loved him as a father. He was appointed Honorary Canon and Dean of the Gulf Coast.

On June 1, 1903, Father Blanc began to suffer from a carbuncle on the back of his neck. A second one followed about a week later. He became so weakened from continued suffering that his health rapidly declined, so he was taken to Hotel Dieu in New Orleans where he might be more conveniently treated. However, his condition grew worse, and at mid-night on June 14, 1903, Father Blanc died in New Orleans. The medical report said that death was due to the carbuncles and complications of Bright's Disease and Diabetes. Father Blanc was 61 years old at the time of his death.

Rt. Rev. Thomas Heslin, Bishop of Natchez, officiated at the funeral which took place at 9 o'clock Tuesday morning, June 16, 1903, in the Church of Our Lady of the Gulf. He was buried in the vault beneath the Calvary Group in St. Mary's Cemetery at Bay St. Louis.

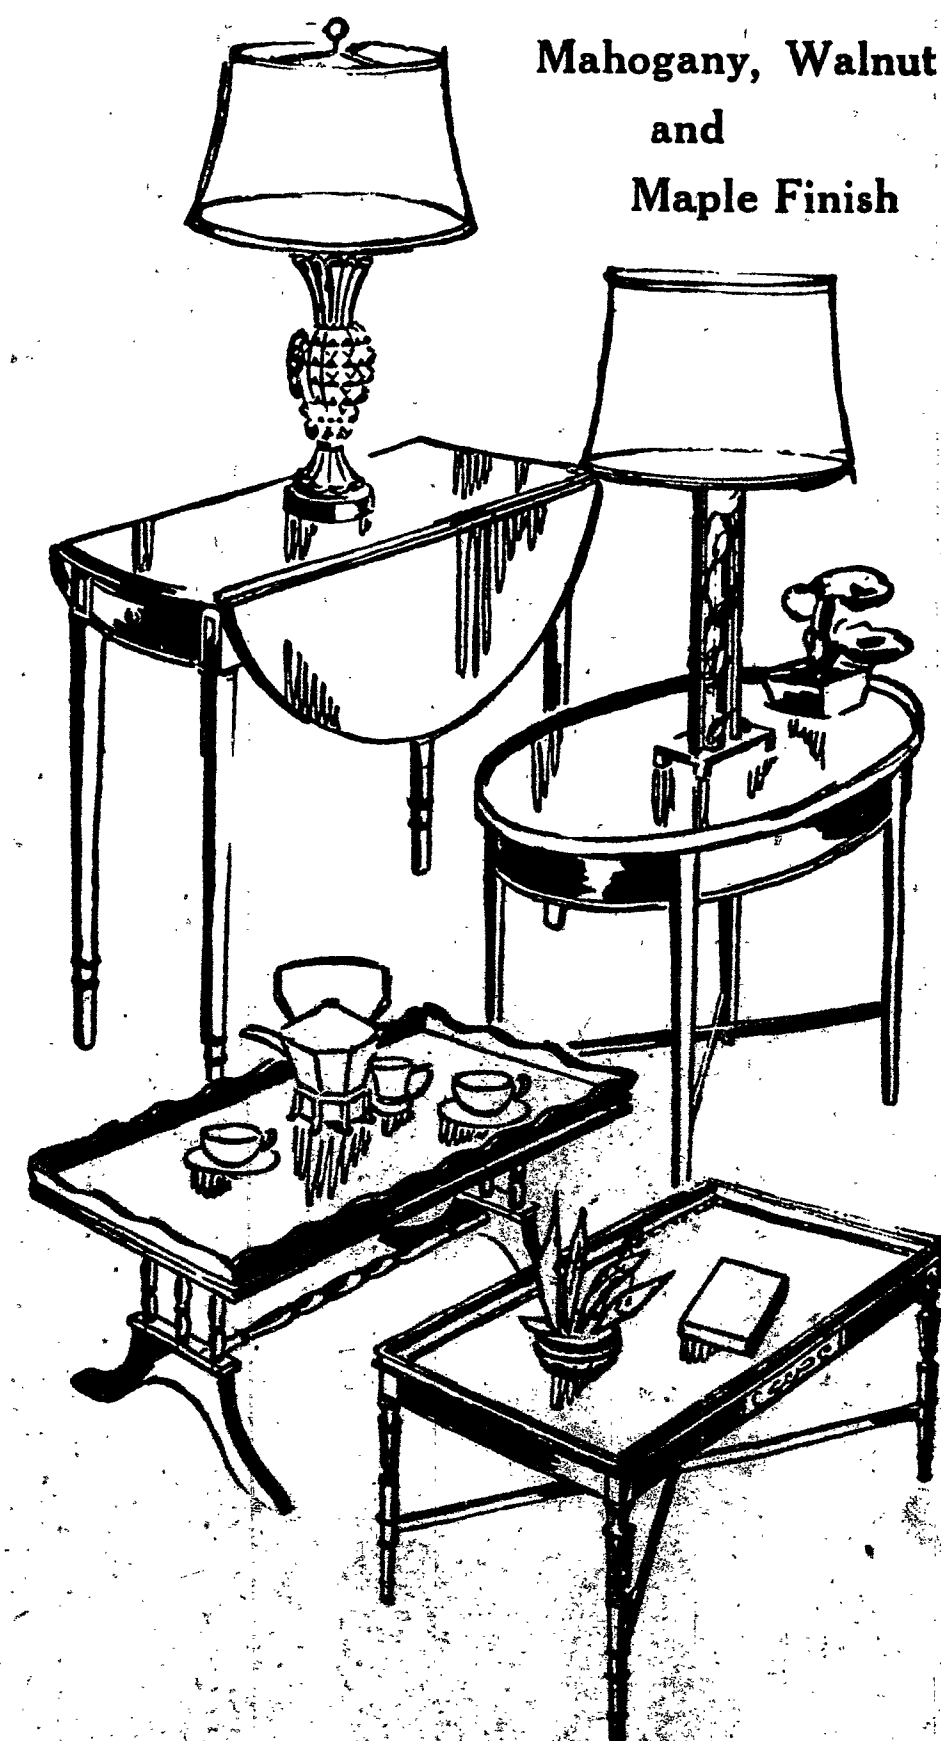

The funeral was one of the largest ever witnessed at the Bay, and amply testified to the high esteem and regard in which the good and beloved Pastor was held by one and all, irrespective of creed or color. At a meeting held at the City Hall on Monday evening June 15, 1903 the citizens of Bay St. Louis ordered a most beautiful floral offering for the funeral. Across the design were the words: "Faith, Hope and Charity," and at the bottom: "From the Citizens of Bay St. Louis."

The Citizens of The Bay also passed the following resolution: "Whereas, it has been the will of Our Almighty Father to call to its eternal rest the soul of Very Rev. Florimond J. Blanc, our beloved Pastor and friend; therefore, be it resolved: That we, in behalf of the entire community, extend to his relatives and friends our sincere sympathy. Be it further resolved that whereas on Tuesday, June 16th, 1903 at 9 o'clock A. M., a Solemn Pontifical Mass for the repose of the soul of Very Rev. Florimond J. Blanc will be celebrated at the Church of Our Lady of the Gulf, by Rt. Rev. Thomas Heslin, Bishop of Natchez, out of respect to his memory, the merchants and all others are requested to close their places of business during the ceremonies. The Board of Aldermen, the County Officials and all citizens, irrespective of sect or creed are invited to be present. Resolved that copies of this resolution be sent to the relatives of the distinguished dead; to the Bishop of Natchez and to the Rectory of the Parish."

From where I sit... by Joe Marsh
GOOD COMMON SENSE
You hear a lot about prohibition these days and there are some who would prohibit the legal sale of beer and turn this business over to the bootleggers.
Now, I've watched the work of W. W. Pierce, director of the U. S. Brewers Foundation for eight years and I'll take his program of education and self-regulation every time.
Director Pierce has field investigators working wherever the sale of beer is legal to see that those who sell this beverage of moderation observe the letter and the spirit of the law and conduct their places of business in keeping with the rules of public decency. Those who do not lose their beer permits.
From where I sit, this seems like good old fashioned common sense; and I'm convinced that most thinking people would rather have beer legal under the brewing industry's vigilant regulation than have the county turned over to bootleggers who openly defy the law and all the rules of public decency.

William Cromiller Dies At New Orleans

William Cromiller of this city died in New Orleans on Wednesday, September 10, at 3:30 p. m. of a heart attack. Mr. Cromiller had been in failing health for some time aggravated by the death of his son and later of his wife.

Mr. Cromiller came to Bay St. Louis to make his home five years ago and developed a beautiful rose garden at his property at Union and Hancock Street. He later sold this property and had been residing in St. Charles Street.

He was a brother of the late Mrs. Phillip Scheib who lived here for many years. He leaves his grandson, Harold Lee Cromiller and two sisters Mrs. Peyton Thompson and Mrs. Luther Butts, both of Port Arthur, Texas.

RAT PROGRAM TO END SATURDAY

The rat poisoning campaign carried on in Hancock County by the County Health Department will end Saturday morning. By that time all business establishments in the county and the residential area of Bay St. Louis will have been well seeded with poison.

Many reports of dead rats had come in by Wednesday, but health authorities wish to make it clear that all rats will not be killed.

This program is a follow up to the DDT dusting campaign to kill rat fleas. It is hoped that these programs will lower considerably the incidence of Typhus fever in this area.

ORTTE THEATRE SUNDAY MONDAY "MIRACLE ON 34TH STREET"

With "Miracle on 34th Street," the new hit starring Maureen O'Hara and John Payne, and opening Sunday and Monday at the Ortte Theatre, Twentieth Century-Fox has let out all stops in bringing to the screen what is said to be the most delightfully hilarious and heart-warming motion picture entertainment of the year. Combining laughter and gaiety, romance and poignant sentiment, and photographed against one of the most unusual backgrounds ever captured for a film, the story by Valentine Davies, which was written for the screen and directed by George Seaton and produced by William Perlberg, is being hailed by critics everywhere as a rare screen treat.

For Miss O'Hara, "Miracle on 34th Street" provides a role in the lighter vein she last enjoyed in "Do You Love Me," and gives her an opportunity to display her exceptional versatility. The beautiful, titian-haired star appears as Doris Walker, cool and efficient personnel manager of the world's largest department store.

John Payne, whose recent portrayal in "The Razor's Edge" brought him wide acclaim, and who was last teamed with Miss O'Hara in "Sentimental Journey," is said to give his best performance to date as Fred Gailey, a young and successful lawyer. It is through his chance association with Maureen, that he becomes involved in the most unusual and hilarious courtroom battle ever dreamed of, and in an exciting romance to boot.

The third most important role in "Miracle on 34th Street" is played by veteran character actor Edmund Gwenn who portrays a twinkly-eyed old gent whose stubborn insistence that he is Santa Claus creates a situation that sets the entire business world as well as the legal and psychiatric profession into an uproar. Also featured in the cast is the sensational child star Natalie Wood as well as such other outstanding players as Gene Lockhart, Much of "Miracle On 34th Street," is laid in New York's Macy's—"World's Largest Department Store."

MARRIED HERE SATURDAY

Miss Gloria Saucer, daughter of Mrs. F. J. Larroux of this city, and Mr. John Mirambell, son of Mrs. John J. Mirambell and the late Mr. Mirambell of New Orleans, were quietly married on Saturday, September 13 at 2:30 p. m. at Our Lady of the Gulf Catholic Church, Right Reverend Monsignor A. J. Gmelch, officiating.

The bride was given in marriage by her step-father Mr. Larroux and wore a tailored suit of grey with a grey hat and an orchid corsage. Her accessories were grey and she carried bell shaped Sterling silver prayer beads. She had as her maid of honor Miss Marion Mirambell of New Orleans and Mr. Mirambell had as best man his brother Harold Mirambell.

A reception was held on the lawn of the home of the bride at 209 Harrison Court. The bride's table, covered with a white cloth, held the wedding cake which rested in an arrangement of tube roses, white button chrysanthemums and asparagus fern. A five branch candelabra holding lighted white candles completed the table arrangement, and here the bride cut her cake. Mr. and Mrs. Mirambell will make New Orleans, where Mr. Mirambell is associated with Coopers, their home. The bride is a graduate of St. Joseph Academy.

In the center of the picture is Doc Blanchard who starred at St. Stanislaus in his high school days, and later was All-American on the Army team, who was back at Stanislaus for a couple of days mingling with the boys at his old school, and of course these boys are proud of Doc and his accomplishments and the fame that he has brought to his Alma Mater.

The people of Mississippi lose an average of thousands of dollars a day due to uncontrolled fire in forests.

WHAT IS THE GULF COAST ASSOCIATION? BY WHOM HAS IT BEEN ORGANIZED? WHAT ARE ITS AIMS AND PURPOSES?

1. THE GULF COAST ASSOCIATION was primarily organized by a group of men and women all of whom are civic minded citizens of this section who having seen the harmful economic effect that would develop if low advantageous transportation rates were withdrawn by the railroad company whose lines traverse the Mississippi Gulf Coast section, sensed the need of this organization.

2. At the time of publication of this pamphlet the Association has succeeded in the postponement of the policy promulgated by the transportation company and it can reasonably be said there will be a substantial modification in the proposed rates as a result of the GULF COAST ASSOCIATION'S effort.

3. Because of the type of citizenry who constituted the Officers and Board of Directors of the Gulf Coast Association there has been a spontaneous response on the part of the citizens of our entire Gulf Coast section who sensed the need of such an organization in its relation to all matters of public interest that may have to do with better life and better living for the present generation and generations to follow us and who with such an organization would have a "Community Mouthpiece by which the Voice and Influence would be heard When We the People Speak."

4. Already during the very short life of the Gulf Coast Assn. two matters of public concern have been undertaken, both of which subjects will terminate satisfactorily and advantageously to the citizens of the respective communities that brought their complaints to the attention of the Gulf Coast Association.

5. There is no section of our great country which can boast of any more God fearing, cultured, intelligent and patriotic group than the citizenry who make their residence along the Mississippi Gulf Coast.

6. Having these two advantageous elements with which to deal, there is no good reason why this magnificent citizenry should not join together and by sincere co-operation of the good folks along the Mississippi Gulf Coast and by such effort express through your forceful organization the Gulf Coast Association "The Voice of the People, the Wish of the People and the Need of the People." Not only for the benefit of you and I and we of the present

generation, but so that our children and children's children and all the way down the line of progeny, so benefited as a result of the vision, fortitude and determination on the part of our forefathers who conceived the precepts of our Constitution and saw to it that laws emanating therefrom were created, enforced and respected so that all of the people should benefit.

7. We do not wish you to infer that we have a quarrel with any person, group or faction, to the contrary it is the purpose of our organization to co-operate in every possible way, being practical in our view points and in the administration and exercise thereof.

8. None of us due to the present unrest and the so-called strange economy that we are now experiencing and therefore, taking as our text the suggestion of the average person on the street whose conventional remark inquires, "What can I do about it?"—each citizen knows as an individual that Mr. Average Citizen or any single citizen anywhere, any place can do anything about it but as a group patterned in the fashion of the Gulf Coast Association we can do much about anything particularly so if that much "of any part of it deals with God, righteousness, fair-play, a square deal and a hope for tomorrow."

9. We seek your earnest and desiring co-operation expressed in your membership application of which appears on the last page of this pamphlet. Dues in the Gulf Coast Association is \$3.00 per year with a special membership arrangement for merchant affiliation reduced in terms of cost per month to the individual member 25c per month; 8c per week—certainly the price of good citizenship should be worth this.

10. Meetings will be held periodically in Biloxi, Waveland, Gulfport, Bay St. Louis, Ansley, Pass Christian, Ocean Springs, Clermont Harbor, Nicholson Avenue, Pascagoula, Mississippi City, Long Beach, Henderson Point, etc.

11. The Officers and Board of Directors will be made up of personnel from each of the cities along the Mississippi Gulf Coast so that each community irrespective of size will have a voice in the administration of our Association.

Statement of Policy

Every day people ask the question, "Why are so many late model and slightly used new cars offered to the public at exorbitant prices, and where do these cars come from?" We, too, are alarmed at the situation, realizing that such a condition is detrimental to the reputation of new car dealers as a whole. For this reason we want our customers and the entire community to know:

1. That we will not under any condition, sell a new car or truck to any person where there is a suspicion that the car is not needed or is being purchased for the purpose of being resold. **% of our new cars are being, and have been delivered to veterans.
2. That we will continue to sell our cars at established prices at time of delivery, and that no bonus payments or premiums of any kind will be accepted.
3. That fair and reasonable value is given for every used car taken in trade, and that we are making every effort to provide new or used cars to those not having cars to trade. **% of all the new vehicles delivered by us have been delivered without trade-ins.
4. That we will not require customers to purchase UNWANTED ACCESSORIES in order to secure delivery.
5. That despite the continued critical shortage of new cars we are anxious at all times to discuss with you your new car needs.

We believe the public can help correct the high price conditions existing today in the car market by refusing to pay the high prices asked for some late model and new cars. For your information we are listing below the prices at which our new Ford automobiles are delivered in Hancock County.
